DETAILED ACTION

Response to Amendment

1. This Office Action is responsive to the Amendment filed 11/4/02.
2. The Amendment filed 11/4/02 successfully overcomes the rejection set forth in paragraph 2 of the First Office Action dated 8/2/02. Accordingly, this rejection is withdrawn.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 4-7, 9-16, 18-21 and 23-26 are rejected under 35 U.S.C. 102(b) as being anticipated by JP 6-171236 (JP '236) for the reasons of record as set forth in paragraph 1 of the First Office Action, and as further discussed below.

Response to Arguments

4. Applicant's arguments filed 11/4/02 have been fully considered but they are not persuasive.

Applicant argues that JP '236 does not disclose a semi-transparent reflective area of alloy/compound formed by the transparent layer and the reflecting layer.

Art Unit: 1756

However, JP '236 discloses a two-layered recording layer 3 comprising the same materials as in the present invention (Ge in layer 3-1, corresponding to the transparent layer of the present invention, and Al or Au in layer 3-2, corresponding to the reflecting layer of the present invention), which mutually diffuse (i.e. mix, thereby forming an alloy) at the time of recording, thereby producing a reflectivity difference (i.e. optical contrast).

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
